Re: NATO ENERGY SECURITY FORUM. THE MARITIME DIMENSION
8th June 2016, Warsaw, Hotel Sofitel Victoria,
www.natoesf.ztw.pl

Dear Sirs,

Polish Naval Academy (AMW) and NATO Energy Security Centre of Excellence in partnership with Warsaw Exhibition Board S.A. (ZTW) are pleased to inform you that on the 8th of June we will organize the Conference, along with the accompanying exhibition named **“NATO’s role in European Energy Security: the Maritime Dimension”**. The Conference will be held at Sofitel Warsaw Victoria Hotel (Poland).

The main goal of the Conference is to provide a political and expert level platform to discuss the energy security issues in Europe related with the maritime domain. The Conference contributes to raising awareness about changing security perspectives as well as serves for the exchange of practical insights about the ways of improving NATO's instruments for countering with energy security vulnerabilities and threats.

The event aims to bring together leading experts, academic scientists, researchers and politicians to exchange and share their views and experiences about current energy security threats and their prevention. It also provides the platform for increasing the knowledge on coping with climate change and dealing with sea level rise. It will also focus on security of supply issues and critical energy infrastructure protection. The event will gather experts from NATO and European Nations and other institutions.

We would be grateful for your involvement and support for this project according to your wishes and possibilities. All detailed arrangements will be made by Warsaw Exhibition Board S.A. as one of the co-organizers of the Forum.

Sincerely,

Col. Gintaras Dagdonas
Director
NATO Energy Security
Centre of Excellence

Cpt (N) Prof. Tomasz SZUBRYCHT
Rector
Polish Naval Academy

Mrs Grażyna Ewa Karłowska
