Our lawyers offer legal help in scope of **debt collection in Poland as well in other European countries**. At present we operate permanently in 50 countries by way of 76 Offices around the world.

We guarantee:

- A lack of initial charges – we act on basis **No Win - No Fee**, our percentage commission is paid only in case of successful execution of the debt
- **Free legal verification** of case documents
- Debt recovery activity in the country of the debtor seat
- More than 14 years of experience in debt recovery – **almost 70% of all cases provided by ICG are solved with success on the first stage** (pre trial/conciliation stage)
- Electronic Collecting Agency Stamp – for our clients – for free

Please send us copies of case documentation (invoice, order, correspondence etc.) or at least main data like amount due, data of debtor's company - our lawyers will make initial free of charge legal verification and check the debtor. According to it we inform you if we can start our actions and **present you detailed offer**.

Take into account that sending documentation to verification doesn't obligate you to start cooperation with us.

In case you accept the offer we'll prepare suitable agreement and later start actions on conciliation stage. If our actions on this stage will not lead to payment we prepare for you report about further possible legal actions (usually court procedure, prosecutor office etc) together with possible costs – according to such report you can decide if you want or not continue the procedure. Our clients receive information about all steps taken - usually once a week.
