Aqua East - Baby Zdroj

2018-01-05 10:36:21

Spring water Baby Zdroj is intended for infants, but its original composition and purity are ideal for both parents planning children, pregnant women, breast-feeding mothers, children at any age, elderly people, as well as people requiring low-sodium diet.

Spring water Baby Zdroj is intended for infants, but its original composition and purity are ideal for both parents planning children, pregnant women, breast-feeding mothers, children at any age, elderly people, as well as people requiring low-sodium diet.

Baby Zdrój spring water does not require boiling and preparing meals for children.

The first and only spring water distributed in 3,0-, 1,5-, 1,0-, 0,5-litre and 250 ml bottles.

This 250 ml bottle have got original non spill cap. It is 100% safe for our youngest customers. This closure is like dummy, so it is almost impossible to choke. We produce this size for boys in blue version and for girls in pink version.

We are exporting our products to e.g.: Asia, USA, UK, Qatar, Kuwait, Dubaj, Hungary...

This crystal clear drop of life of original purity and taste is drawn from the pristine region of Polesie situated at the frontier of Chelmski Landscape Park and Poleski Landscape Park in Poland. This perfectly intact natural land may be the source of only a really unique water.

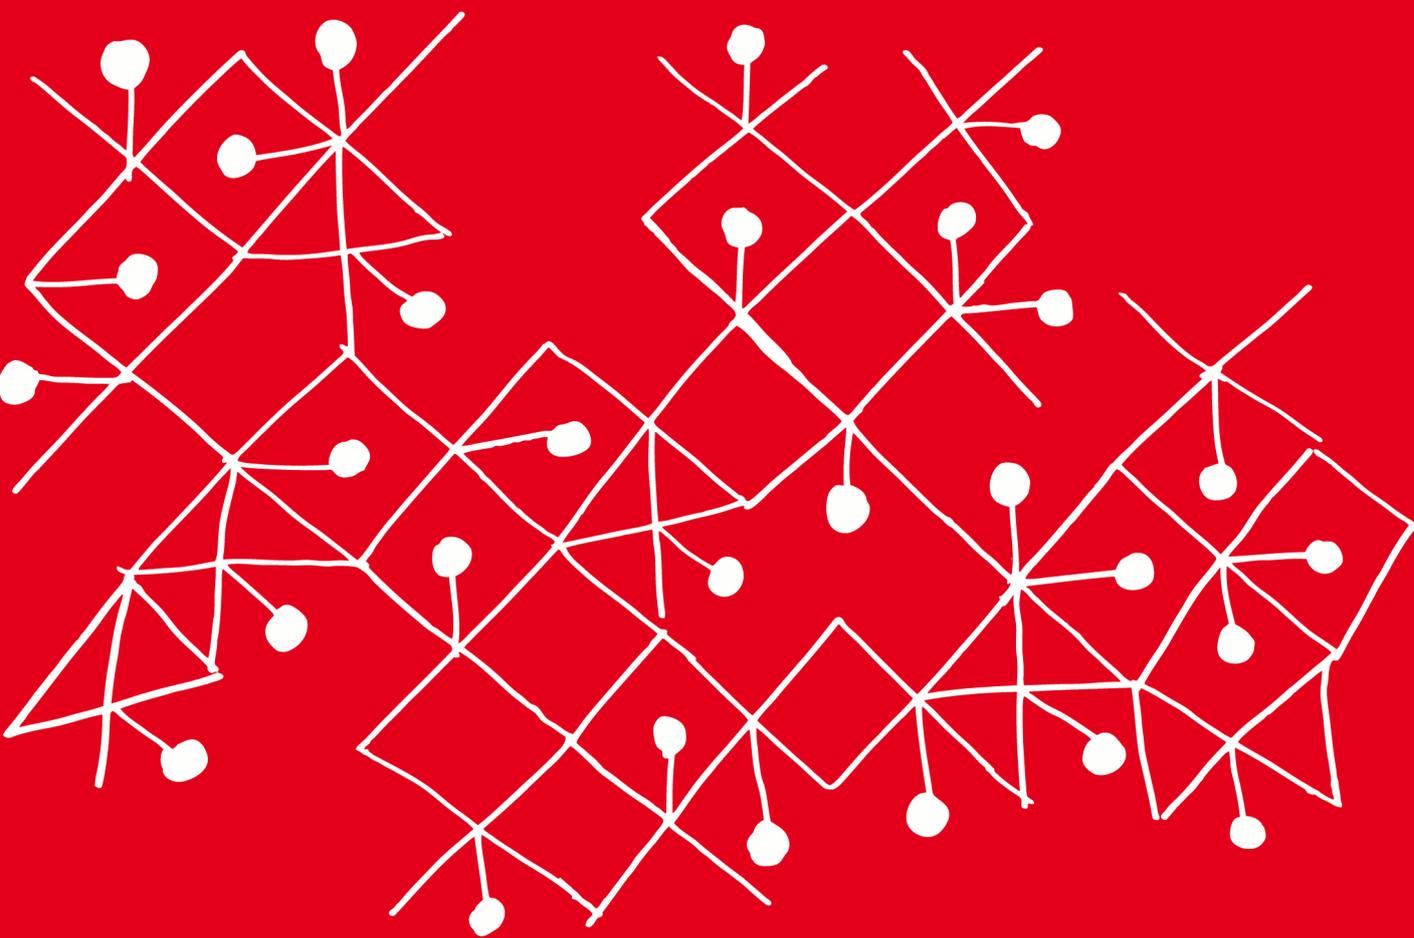

Remember The Baby Zdrój:

- affects proper development of the child's tissues
- regulates blood pressure
- helps to detoxify the body and remove waste products
- accelerates the digestion
- supplies minerals (including calcium, magnesium, sodium) required for the proper functioning of the organism
- is conducive to maintaining proper body weight, since it contains no calories
- improves mood
